Finally a business solution that minimizes costs and maximizes value!

Often times the cost to purchase new phones can be costly, with our **Absolute Hosted Plans**, we are offering our customers the opportunity to upgrade their phone systems without the expense of purchasing new phones. We will provide the phones with the service plan at no additional charge to the customer. **Yoursip Telecom** will remain the owner of the phones and at any point if the customer chooses to leave **Yoursip Telecom** they simply return the phones!
